

Program Overview

Neighborhood Traffic Calming Program

Apply

The City of Aurora is accepting applications for residents wishing to participate in the Neighborhood Traffic Calming Program and assist in slowing neighborhood traffic and increasing safety. *Guidelines include:*

- Neighborhoods may submit one application per year.
- Eligibility is determined by confirming the problem location meets identified speed and volume thresholds.

- A minimum of 3 sponsors are required per request and may include a neighborhood resident, Registered Neighborhood Organization or Homeowners Association.
- Applicants must build support among residents, property owners, and business owners within the identified project area.

About the Program

The City of Aurora's Neighborhood Traffic Calming Program aims to reduce speeding and cut-through traffic on residential streets and improve the quality of life in neighborhoods using a set of traffic calming strategies.

Strategies range from enforcement and educational actions to a more comprehensive physical infrastructure approach.

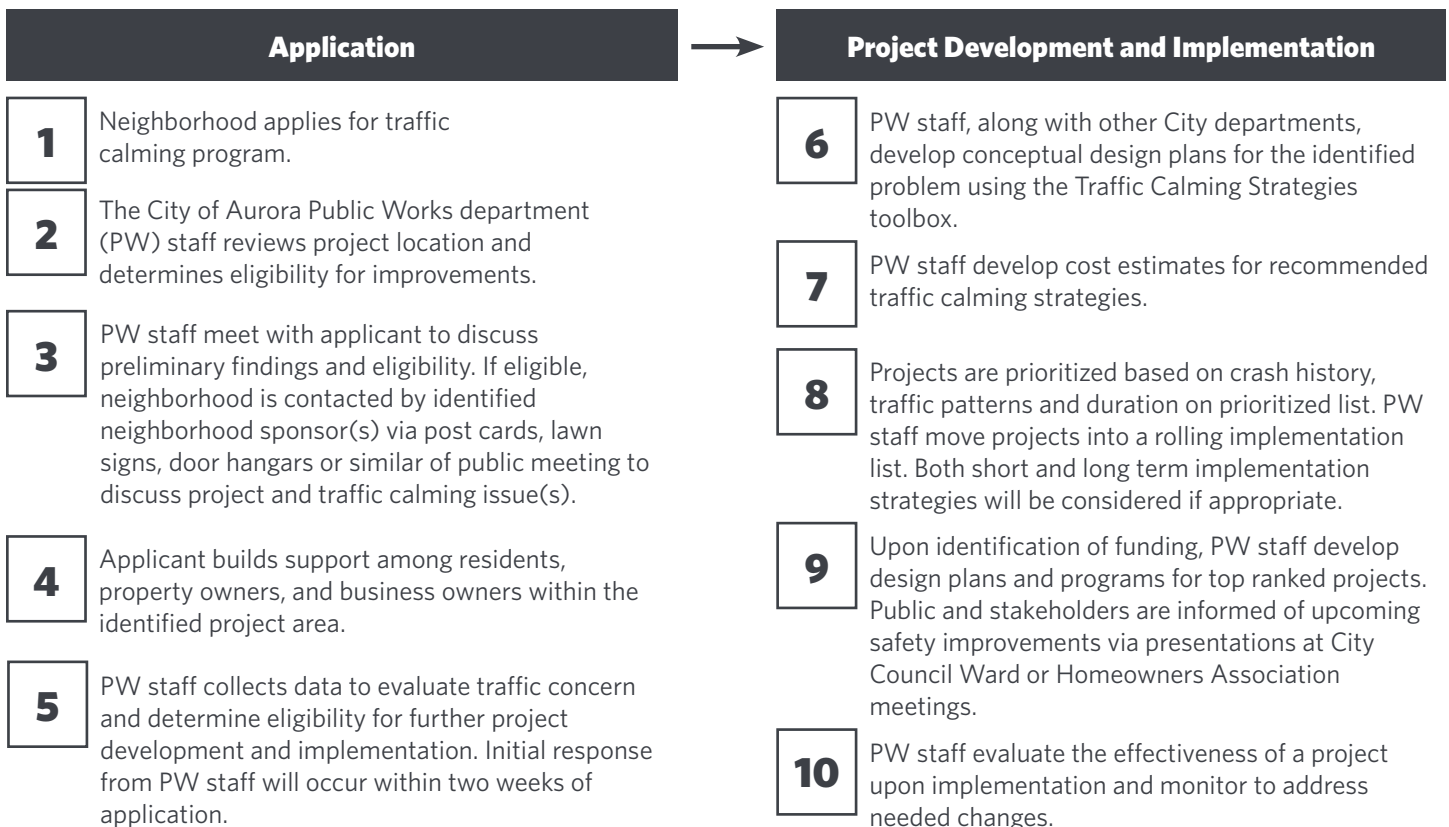

Traffic calming tools include automated speed radar signs, curb extensions/neckdowns, speed cushions, mini roundabouts and full intersection closures and are applied based on type of roadway and land use context and specific project need.

The primary focus of the program is to verify eligible projects that are well supported by the community and that properly address identified safety criteria.

Process

The step-by-step guide below outlines the Neighborhood Traffic Calming Program eligibility requirements and the procedure for neighborhoods seeking to implement traffic calming along local and collector street types. Identified

roles by City departments and community applications are described.

Application Form

Neighborhood Traffic Calming Program

The City of Aurora Public Works Department is accepting applications for residents wishing to participate in the Neighborhood Traffic Calming Program. Application should be submitted by communities with support from a minimum of 3 sponsors which may include neighborhood residents, Registered Neighborhood Organizations or Homeowners Associations. Please complete the following application and return to trafficalming@auroragov.org. **Questions? Contact Public Works at # 303-739-7300.**

Contact Information

Applicant Name: _____

Email: _____

Phone number: _____

Mailing Address: _____

Zip Code: _____

Sponsor Names/Organizations (minimum of 3 required and may include neighborhood residents, Registered Neighborhood Organizations or Homeowners Associations):

Problem Location

Please list the exact location of concern within your neighborhood. The location should primarily be a residential street address or intersection. To assist, you may provide a simple map identifying the location boundary and any nearby schools, parks, community centers, churches, hospitals, police stations, transit stops or stations and firehouses. **Note: the Neighborhood Traffic Calming program is intended for streets classified as "Local" and "Collector," and applications for "Arterial" streets will not be considered for this program. See https://www.auroragov.org/city_hall/maps, then "Click Here for PDF Maps." Street classifications can be found within the "Aurora Wall Map."**

Intersection/Street: _____

Issue/Concern

Please describe your issues and concerns and be specific, if possible, regarding times of day and days of week. These may include speeding, cut through traffic, difficulty crossing the street, drivers not yielding to pedestrians, drivers not obeying traffic control devices, etc...

Issue/Concern:

Time of Issue/Concern (day of week and time of day):

If helpful, intersection and midblock diagrams are provided below for your convenience.
